Victories over poverty

Programming Highlights:

CARE's poverty-fighting work reached 55 million people in Fiscal Year 2006 (FY06) through 901 projects in 66 countries.

- Our **education** programs reached nearly 9 million students by expanding opportunities to attend school – particularly for girls – and improving the quality of education.
- 7.9 million people, 52 percent of them women, increased their **economic opportunities** through CARE projects that teach business skills, improve access to credit and help people start and sustain small businesses.
- We reached 38 million people with information and services to improve their **health**, including family planning, safe deliveries and newborn care.
- Through health and social services, we helped 4.2 million people protect themselves from **HIV & AIDS**, reduce stigma associated with the illness and mitigate its negative economic impact.
- 4 million people gained access to safe **water and sanitation**, and also learned hygiene skills, keeping families healthy and creating free time for women and girls to take part in other activities.
- CARE worked with more than 7 million people to improve crop production and incomes, and sustainably use **natural resources**.
- 13 million people received assistance **responding to and preparing for disaster**, with emphasis on the needs of the most vulnerable, especially women and children.
